EM  
TO

Compact in form and efficient in function, this wall-mounted towel warmer features five horizontal rods arranged in a vertical sequence to maximise use of wall space without compromising performance. The slim profile integrates cleanly into a variety of layouts, maintaining a balanced and refined presence. A hardwired connection ensures a seamless fit, while carbon fibre heating technology delivers even, consistent warmth. The digital control panel allows for precise temperature adjustment, ensuring towels are reliably warm and ready for daily use.
